DESCRIPTION: This three-day language interpreter training series is designed for bilingual staff that is proficient in English and in a second language. The purpose is to train the bilingual workforce to accurately interpret and meet the requirements of Federal and State laws. The introductory level training creates a structure for participants to understand the complex roles of the mental health interpreter. The course provides the interpreters with knowledge and skills related to models of interpreting, mental health terms, standards of practice, cultural interpreting, and skills to address challenges when interpreting. Development and maintenance of specialized mental health glossaries based on the interpreter's level of proficiency in both languages is included in the training. Role-playing, memory exercises, videos, and interactive exercises offer an opportunity to practice the learned skills.

PRE-REQUISITE: Participants must be bilingual with proficiency in English as a second language.

TARGET AUDIENCE: Bilingual staff of DMH directly operated and contracted programs

OBJECTIVES: As a result of attending this training, participants should be able to:

- 1) Describe three fundamental principles of interpreting in mental health settings
- 2) List three Federal and State laws and regulations for Limited English Proficiency
- 3) Define the four roles of an interpreter with an emphasis on the cultural clarifier role.
- 4) Describe the four models of interpreting commonly used in mental health settings
- 5) Define interpreting protocols; pre-session, positioning, basic principles of intervention and post session.
- 6) Develop strategies and tools for the creation of self-generated resources tailored to the interpreter's need
- 7) Identify the consequences of misinterpreted true and false cognates
- 8) Examine the DSM-5 cultural interview, syndromes related to the culture and mental health terminology
- 9) Examine four examples of compliance with the Interpreter Standards of Practice and Code of Ethics
